

European Chemical Biology Symposium

26-28 MAY, 2021 VIRTUAL

Dear colleagues,

We are pleased to announce the **7th European Chemical Biology Symposium (ECBS)** which will take place **online** May 26-28th, 2021.

Website: <https://ecbs2021.eu>

Registrations are open, deadline for abstracts submission: 26 March 2021

ECBS is jointly organized by the **EuChemS Division of Chemistry in Life Sciences** and the **ESFRI European infrastructure EU-OPENSREEN**.

This interdisciplinary event in between chemical biology and medicinal chemistry is specially targeted to young researchers (PhD and Postdoc level) working at the interface of chemistry, biology and medicine.

Young postdoctoral researchers and PhD students are invited to apply for an oral communication (15 min) or a flash presentation (5 min).

The best presentations from young researchers will be awarded by EuChemS, and all presenters will have the opportunity to submit their work for publication in a **special issue of *Molecules* (MDPI) dedicated to ECBS2021**. https://www.mdpi.com/journal/molecules/special_issues/Molecules_ECBS_2021

Young investigators nominated by EuChemS member chemical societies will present their work to the **1st Young Investigator Workshop**, a satellite online event on the 24th and 25th of May, 2021.

We really look forward to sharing with you our enthusiasm for ECBS2021 and the satellite YIW to promote, inspire and support chemical biology in Europe.

We are looking forward to e-meeting you!

With our best regards,

Francesco Peri (EuChemS)

Sonsoles Martin-Santamaria (EuChemS)

Marko Mihovilovic (EuChemS)

Wolfgang Fecke (EU OPENSECREEN ERIC)
